Relative Trail Difficulty: Skiers and riders should be advised that a Green Circle, Blue Square or Black Diamond trail at your area is not necessarily the same as a similarly rated trail at another area. The system is a relative system that is valid only at this area. Skiers and riders should work their way up, beginning with the easiest trails, no matter what their ability level may be, until they are familiar with the trails at the area.

Helmet Usage: Blue Mountain Resort recommends helmet use for all skiers and riders but helmets are required in certain circumstances. Skiers and snowboarders are encouraged to educate themselves on the benefits and limitations of helmet usage. The primary safety consideration, and obligation under the Alpine Responsibility Code, is to ski and ride in a controlled and responsible manner.

Marking, Flagging, Fencing etc: Be advised that all poles and/or flags, fencing, signage and padding on equipment or objects or other forms of marking devices are used by the ski area to inform you of the presence or location of a potential obstacle or hazard. These markers are no guarantee of your safety and will not protect you from injury. It is part of your responsibility under the Alpine Responsibility Code to avoid all obstacles or hazards, including those that are so marked.
