mtbawbawfreestyle

The Freestyle Code is a grading system that defines the size of each park feature which allows you to quickly & easily identify the level of skill required. The Freestyle Code has three main points.

PREPARE

- Familiarise yourself with the area before you use it
- Locate freestyle areas suitable for your ability

PERFORM

- Think about your speed, balance, body position & the manoeuvre you are about to undertake
- Do not attempt freestyle features unless you have sufficient ability & experience to do so safely

PROGRESS

- **KNOW YOUR LIMITS.** Start small
- Ride within your ability & build on your progress. If unsure how you use a feature, leave it & ride past

alpineresponsibilitycode

Regardless of how you enjoy your snow sport, always show courtesy to others and be aware that there are inherent risks in all snow related activities, that common sense, protective equipment and personal awareness can reduce. These risks include rapid changes in the weather, visibility and surface conditions, as well as natural and artificial hazards such as rocks, trees, stumps, vehicles, lift towers, snow fences and snowmaking equipment.

- Observe the code and share with others the responsibility for a great experience
- Know your ability and always stay in control and be able to stop and avoid other people or objects. It is your responsibility to stay in control on the ground and in the air

- Take lessons from professional instructors to learn and progress
- Use appropriate protective equipment to minimise the risk of injury
- Before using any lift you must have the knowledge and ability to load, ride and unload safely and always use the restraining devices

- Observe and obey all signs and warnings. Keep off closed trails or runs
- Give way to people below and outside you on the hill. It is your responsibility to avoid them
- Do not stop where you are not clearly visible from above. Look uphill and give way to others when entering/exiting a trail or starting downhill
- Always ensure your equipment is in good condition and use suitable restraining devices to avoid runaway skiing/boarding equipment
- Do not ski, board, ride a lift or undertake any other alpine activity if your ability is impaired by drugs or alcohol
- If you are involved in, or witness an accident or collision, alert ski patrol, remain at the scene and identify yourself to the ski patrol

KNOW THE CODE. IT'S YOUR RESPONSIBILITY. FAILURE TO OBSERVE THE CODE MAY RESULT IN CANCELLATION OF YOUR TICKET OR PASS BY SKI PATROL OR OTHER AUTHORISED PERSONNEL.

RESPECT! GET'S RESPECT!
FROM THE LIFT LINE, TO THE SLOPES, THROUGH THE PARK AND THE RESORT.
