DRONE POLICY
Due to safety concerns, Granite Peak Ski Area prohibits the use of drones on or above the ski area. This prohibition includes drones used for filming or videotaping and extends to drones launched or operated from Granite Peak, as well as those launched from outside the Granite Peak boundaries. Violation of this policy may involve suspension of your access privileges to Granite Peak or revocation of your season pass.

SKIERS AND RIDERS SHOULD BE ADVISED THAT A GREEN CIRCLE, BLUE SQUARE OR BLACK DIAMOND TRAIL AT GRANITE PEAK SKI AREA IS NOT NECESSARILY THE SAME AS A SIMILARLY RATED TRAIL AT ANOTHER AREA. THE SYSTEM IS A RELATIVE SYSTEM THAT IS VALID ONLY AT THIS AREA. SKIERS AND RIDERS SHOULD WORK THEIR WAY UP, BEGINNING WITH THE EASIEST TRAILS NO MATTER WHAT THEIR ABILITY LEVEL MAY BE, UNTIL THEY ARE FAMILIAR WITH THE TRAILS AT THE AREA.

You Assume the Risks of Skiing
Skiing in its various forms and riding lifts are hazardous activities that involve the risk of serious injury or death. Each trail is unique and conditions change with skier use, weather and other factors resulting in bare spots, ice, variations in snow, bumps, ruts, exposed rocks, moguls, stumps and other hazards. Natural and manmade hazards, whether marked or unmarked, are common on or near ski trails including rocks, trees, stumps, logs, bushes, slicks, debris, snowmaking equipment, steel pipes, poles, fencing, fence posts, stakes, hoses, wires, cables, lift towers, and other hard obstacles, as well as snowcats, snowmobiles, 4-wheelers, cars, trucks and other vehicles. Falls and collisions do occur and injuries may result. By purchasing a lift ticket and choosing to ski at Granite Peak, you are assuming the risks and dangers of skiing and the burden of skiing under control at all times. If you do not want to assume these risks, you should not ski at Granite Peak.

FREESTYLE TERRAIN

STOP! READ THIS!

FREESTYLE SKILLS REQUIRED
HELMETS ARE RECOMMENDED

Freestyle Terrain may contain jumps, hits, ramps, banks, fun boxes, jibs, rails, half pipes, quarter pipes, snowcross, bump terrain and other constructed or natural terrain features.

PRIOR to using Freestyle Terrain, you are responsible for familiarizing yourself with Freestyle Terrain and obeying all instructions, warnings and signs.

Freestyle skills require maintaining control on the ground, and in the air.

SMART STYLE

LOOK BEFORE YOU LEAP.
You are responsible for inspecting Freestyle Terrain before initial use and throughout the day. The features vary in size and change constantly due to snow conditions, weather, usage, grooming and time of day. Do not jump blindly. Use a spotter when necessary.

EASY STYLE IT
Always ride or ski in control and within your ability level. Do not attempt Freestyle Terrain unless you have sufficient ability and experience to do so safely. You control the degree of difficulty you will encounter in using Freestyle Terrain, both on the ground and in the air.

RESPECT GETS RESPECT
Respect Freestyle Terrain and others. Only one person on a feature at a time. Wait your turn and call your start. Always clear the landing area quickly. Respect all signs and do not enter Freestyle Terrain or use features when closed.

USE OF FREESTYLE TERRAIN EXPOSES YOU TO THE RISK OF SERIOUS INJURY AND DEATH.

INVERTED AERIALS ARE NOT RECOMMENDED.

YOU ASSUME THE RISK.

Your Responsibility Code

Skiing can be enjoyed in many ways. At ski areas you may see people using alpine, snowboard, telemark, cross country and other specialized ski equipment, such as that used by disabled or other skiers. Regardless of how you decide to enjoy the slopes, always show courtesy to others and be aware that there are elements of risk in skiing that common sense and personal awareness can help reduce. Observe the code listed below and share with other skiers the responsibility for a great skiing experience.

1. Always stay in control, and be able to stop or avoid other people or objects.
2. People ahead of you have the right of way. It is your responsibility to avoid them.
3. You must not stop where you obstruct a trail, or are not visible from above.
4. Whenever starting downhill or merging into a trail, look uphill and yield to others.
5. Always use devices to help prevent runaway equipment.
6. Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
7. Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.

KNOW THE CODE. IT'S YOUR RESPONSIBILITY.
This is a partial list. Be safety conscious.

WISCONSIN LAW PROVIDES

"WARNING - ASSUMPTION OF RISKS: Under Wisconsin Law, each participant in a snow sport is considered to have accepted and to have knowledge of the risk of injury or death to person or injury to property that may result. Under Wisconsin Law, each participant in a snow sport has the duty to take the precautions that are necessary to avoid injury or death to person or injury to property. Wisconsin law sets forth certain other limitations on the liability of ski area operators for injuries or death to person or injury to property. A complete copy of this law is available for review at the main site where tickets to this ski area are sold."
