- Always stay in control. You must be able to stop or avoid other people or objects.
- People ahead of you have the right-of-way. It is your responsibility to avoid them.
- Do not stop where you obstruct a trail or are not visible from above.
- Before starting downhill or merging onto a trail, look uphill and yield to others.
- If you are involved in or witness a collision or accident, you must remain at the scene and identify yourself to the Ski Patrol.
- Always use proper devices to help prevent runaway equipment.
- Observe and obey all posted signs and warnings.
- Keep off closed trails and closed areas.
- You must not use lifts or terrain if your ability is impaired through use of alcohol or drugs.
- You must have sufficient physical dexterity, ability and knowledge to safely load, ride and unload lifts. If in doubt, ask the lift attendant.
