The U.S. Trail marking symbols are used to indicate the degree of difficulty. Because trail layout, terrain, weather, etc., varies between different ski areas, the symbols used are relative to each mountain only. A novice trail at one mountain may be an intermediate trail at another. When in doubt, ask.

**YOUR RESPONSIBILITY CODE**

The provisions of N.H. Rev. Stat. Ann., Title XIX, Section 225 et. seq. govern the responsibilities of all skiers, riders and guests and are incorporated herein by reference. Skiing and snowboarding can be enjoyed in many ways. At ski areas you may see people using alpine, snowboard, telemark, cross country and other specialized ski equipment, such as that used by disabled or other skiers. Regardless of how you decide to enjoy the slopes, always show courtesy to others and be aware that there are elements of risk in skiing that common sense and personal awareness can help reduce. Observe the code listed below and share with other skiers the responsibility for a great skiing experience.

- 1) Always stay in control.
- 2) People ahead of you have the right of way.
- 3) Stop in a safe place for you and others.
- 4) Whenever starting downhill or rearing, look uphill and yield.
- 5) Use devices to help prevent runaway equipment.
- 6) Observe signs and warnings, and keep off closed trails.
- 7) Know how to use the lifts safely.
- 8) Uphill travel of any kind, such as but not limited to, hiking, snowshoeing, and skinning is prohibited.
- 9) Use of the mountain during the winter operating season is prohibited outside of regular operating hours.
