Multiday lift tickets are also
valid at Big White Ski Resort

Powder Days
The entire mountain is accessible to all ability levels. We recommend novice and intermediate skiers try Whiskey Jack, Sundance, Christmas Bowl, Gypsy Queen, Sunny Ridge and Just Dandy. For advanced and expert skiers Attridge, the Chute, Headwall, Quicksilver, Holy Smokes and Bon Diablo will be the ticket.

Sunny Days
The skiing will be fantastic and the views, outstanding. For some of the best groomed cruising anywhere in the world head to Gypsy Queen, Sunny Ridge or try Bon Diablo or Black Pine when they have had the expert touch of our Winch Cat Grooming.

Know Your Boundaries! Silver Star Mountain Resort has no obligation to anyone going beyond ski area boundaries. Should persons choose to leave the ski area, they do so at their own risk & assume the burden of responsibility for their actions. Avalanche danger and other hazards exist. You are solely responsible for your safety, welfare, and costs of rescue.

When Visibility is Limited
Conditions vary widely on the mountain. Ask a staff member where the best conditions are. Stick to the narrower runs, close to the treeline, where slope definition will be best.

Be Prepared
High mountain weather can change rapidly and dramatically. Dress properly and be prepared for all conditions. If you choose to go out of bounds, you are responsible. We recommend avalanche awareness training, bringing a transceiver, shovel, probe, and that you not go alone. Natural hits are everywhere. Have someone check your landing before jumping. Don't jump on green runs.
