Improved Snowmaking

We have upgraded to innovative, low-energy snowmaking technology on our Western Territory, which will allow us to open our legendary Cupp Run earlier than ever before, without taking any resources away from the Basin or Silver Creek. Can you say, Snow Guarantee? That's good for you, good for us, and most importantly, good for the environment.

Environmental Initiatives

Our environmental initiatives don't stop with snowmaking. That's only the beginning. We have recycled our old snowmaking pipes into brand spanking new terrain park features, replaced every light bulb on the mountain with new low-energy bulbs, and even installed electric car chargers.

Snowshoe Basin:

9:00am - 4:30pm

Western Territory:

9:00am - 4:15pm

Silver Creek:

12:00pm - 9:00pm, Mon - Fri
(excluding holidays periods)
9:00am - 9:00pm, Sat - Sun

Hours are subject to change. Please review the daily snow report.

Lift Ticket Policy

All skiers and snowboarders must possess a valid lift ticket or season pass at all times to gain access to the resort slope system or to ride any lift. Please read the information on the back of the ticket.

+ SAFETY ON THE SLOPES +

YOUR RESPONSIBILITY CODE

At Snowshoe Mountain, you may see people using alpine, snowboard, telemark and other specialized equipment such as that used by disabled or other skiers and snowboarders. Regardless of how you decide to enjoy the slopes, always show courtesy to others and be aware that there are elements of risk in this sport that common sense and personal awareness can help reduce. Observe the code listed in the following section and share with others the responsibility for a great skiing and snowboarding experience at Snowshoe Mountain.

Seven Points to Your Responsibility Code

1. Always stay in control, and be able to stop or avoid other people or objects.
2. People ahead of you have the right of way. It is your responsibility to avoid them.
3. You must not stop where you obstruct a trail, or are not visible from above.
4. Whenever starting downhill or merging into a trail, look uphill and yield to others.
5. Always use devices to help prevent runaway equipment.
6. Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
7. Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.

KNOW THE CODE: IT'S YOUR RESPONSIBILITY

This is a partial list. Be safety conscious. Officially endorsed by the NATIONAL SKI AREA ASSOCIATION.

➡ SNOWTRACKS SKI & RIDE CLUB ⬅

Give your kids skills and thrills all winter long. Snowshoe's new Snowtracks Ski & Ride Club is so much more than a ski & ride school. It's a season-long program that will enrich your kids lives on the mountain, grow their confidence and give them ski buddies that will last a lifetime.

◆ DINING ◆

The mountain does a lot more than feed the soul. It feeds hungry appetites, too. From morning coffee to romantic dining, you'll find a range of options for every mood and time of day. Here are just a few:

The Boathouse

Steps from the base of Ballhooter lift and overlooks Shavers Lake.

The Junction Restaurant & Saloon

Family-fare, hearty breakfast to start the day.

Sunset Cantina

The place to find Southwest- and Latin-influenced fare.

Cheat Mountain Pizza Company

The best pizza, salads and subs.

Pastas

Head here for, you guessed it... primo pasta!

Hoot's Bar & Grill

Your laid-back, casual option.

The Backcountry Hut

Take a Polaris RZR tour to Snowshoe's most unique dining experience.

DRONE USE

The use of commercial drones is only permitted with the express written consent of Snowshoe Mountain. The use of any personal drones is strictly prohibited.

GLADED TERRAIN

Gladed terrain is for advanced and expert skiers and snowboarders only. Gladed terrain trails are largely left in their natural state. They are ungroomed and contain unmarked hazards, including, but not limited to, trees (standing and fallen), branches, roots, streams, stumps, rocks and forest debris. By skiing or snowboarding on gladed terrain trails, you are assuming the risk of serious personal injuries or death, as well as damage to equipment. Given the hazards and risks presented by gladed terrain trails, as well as the remoteness of the terrain, skiers and snowboarders entering gladed terrain trails should not do so alone. You are encouraged to enter such trails in groups of three or more.

SKI/RIDE ONLY ON OPEN DESIGNATED GLADES, SLOPES, AND TRAILS. NEVER SKI/RIDE ALONE

Wooded areas beyond designated glades, trails, and slopes are not maintained or patrolled by Snowshoe Mountain. These non-designated wooded areas contain both natural and man-made obstacles and hazards and ARE NOT marked. Snowshoe Mountain DOES NOT RECOMMEND skiing and/or boarding beyond the designated OPEN glades, trails, and slopes. Please ski/ride responsibly on designated OPEN glades, trails, and slopes only.

FREESTYLE TERRAIN SAFETY

Prior to entering freestyle terrain, please read all warning and informational signage located throughout the park and familiarize yourself with the Park Smart guide.

IN CASE OF ACCIDENTS

- Place skis/snowboards upright and crossed in the snow above the scene of the accident.
- Reach the Ski Patrol directly by contacting a lift attendant or other area personnel.
- When reporting an accident, be sure to give the exact trail location and type of injury. The numbers posted on snowmaking hydrants are a good indicator of your location.

WV SKIING RESPONSIBILITY ACT

Skiers and snowboarders expressly assume the risk and legal responsibility for injuries which result from skiing or snowboarding, including, but not limited to, injuries caused by variations in terrain (including freestyle terrain), surface or subsurface snow or ice conditions, bare spots, rocks, trees, other forms of forest growth or debris; collisions with pole lines, lift towers or any component thereof; or, collisions with snowmaking equipment which is marked by visible sign or other warning implement. There are additional duties and responsibilities in the Act. To learn more, go to WV Code Sections 20-3A-1 to 20-3A-9.

WELCOME TO THE MOUNTAIN

11,000 acres of winter adventure-land. A Village above it all. But you know what really makes us feel lucky? Sharing it all with anyone who wants to live this mountain like we do, with a thirst for life and adventure. We think that friends just don't let friends miss the good stuff. Welcome to all the best of winter, all in one place. Don't be surprised when the mountain smiles back.
