

New at Silver Star Mountain Resort this year!

All new \$5.5 million Silver Woods!

Silver Woods

The most exciting news in Canadian skiing this year is Silver Star's expansion into the never before skied Silver Woods area, increasing the skiable acreage of the Vance Creek by 54%!

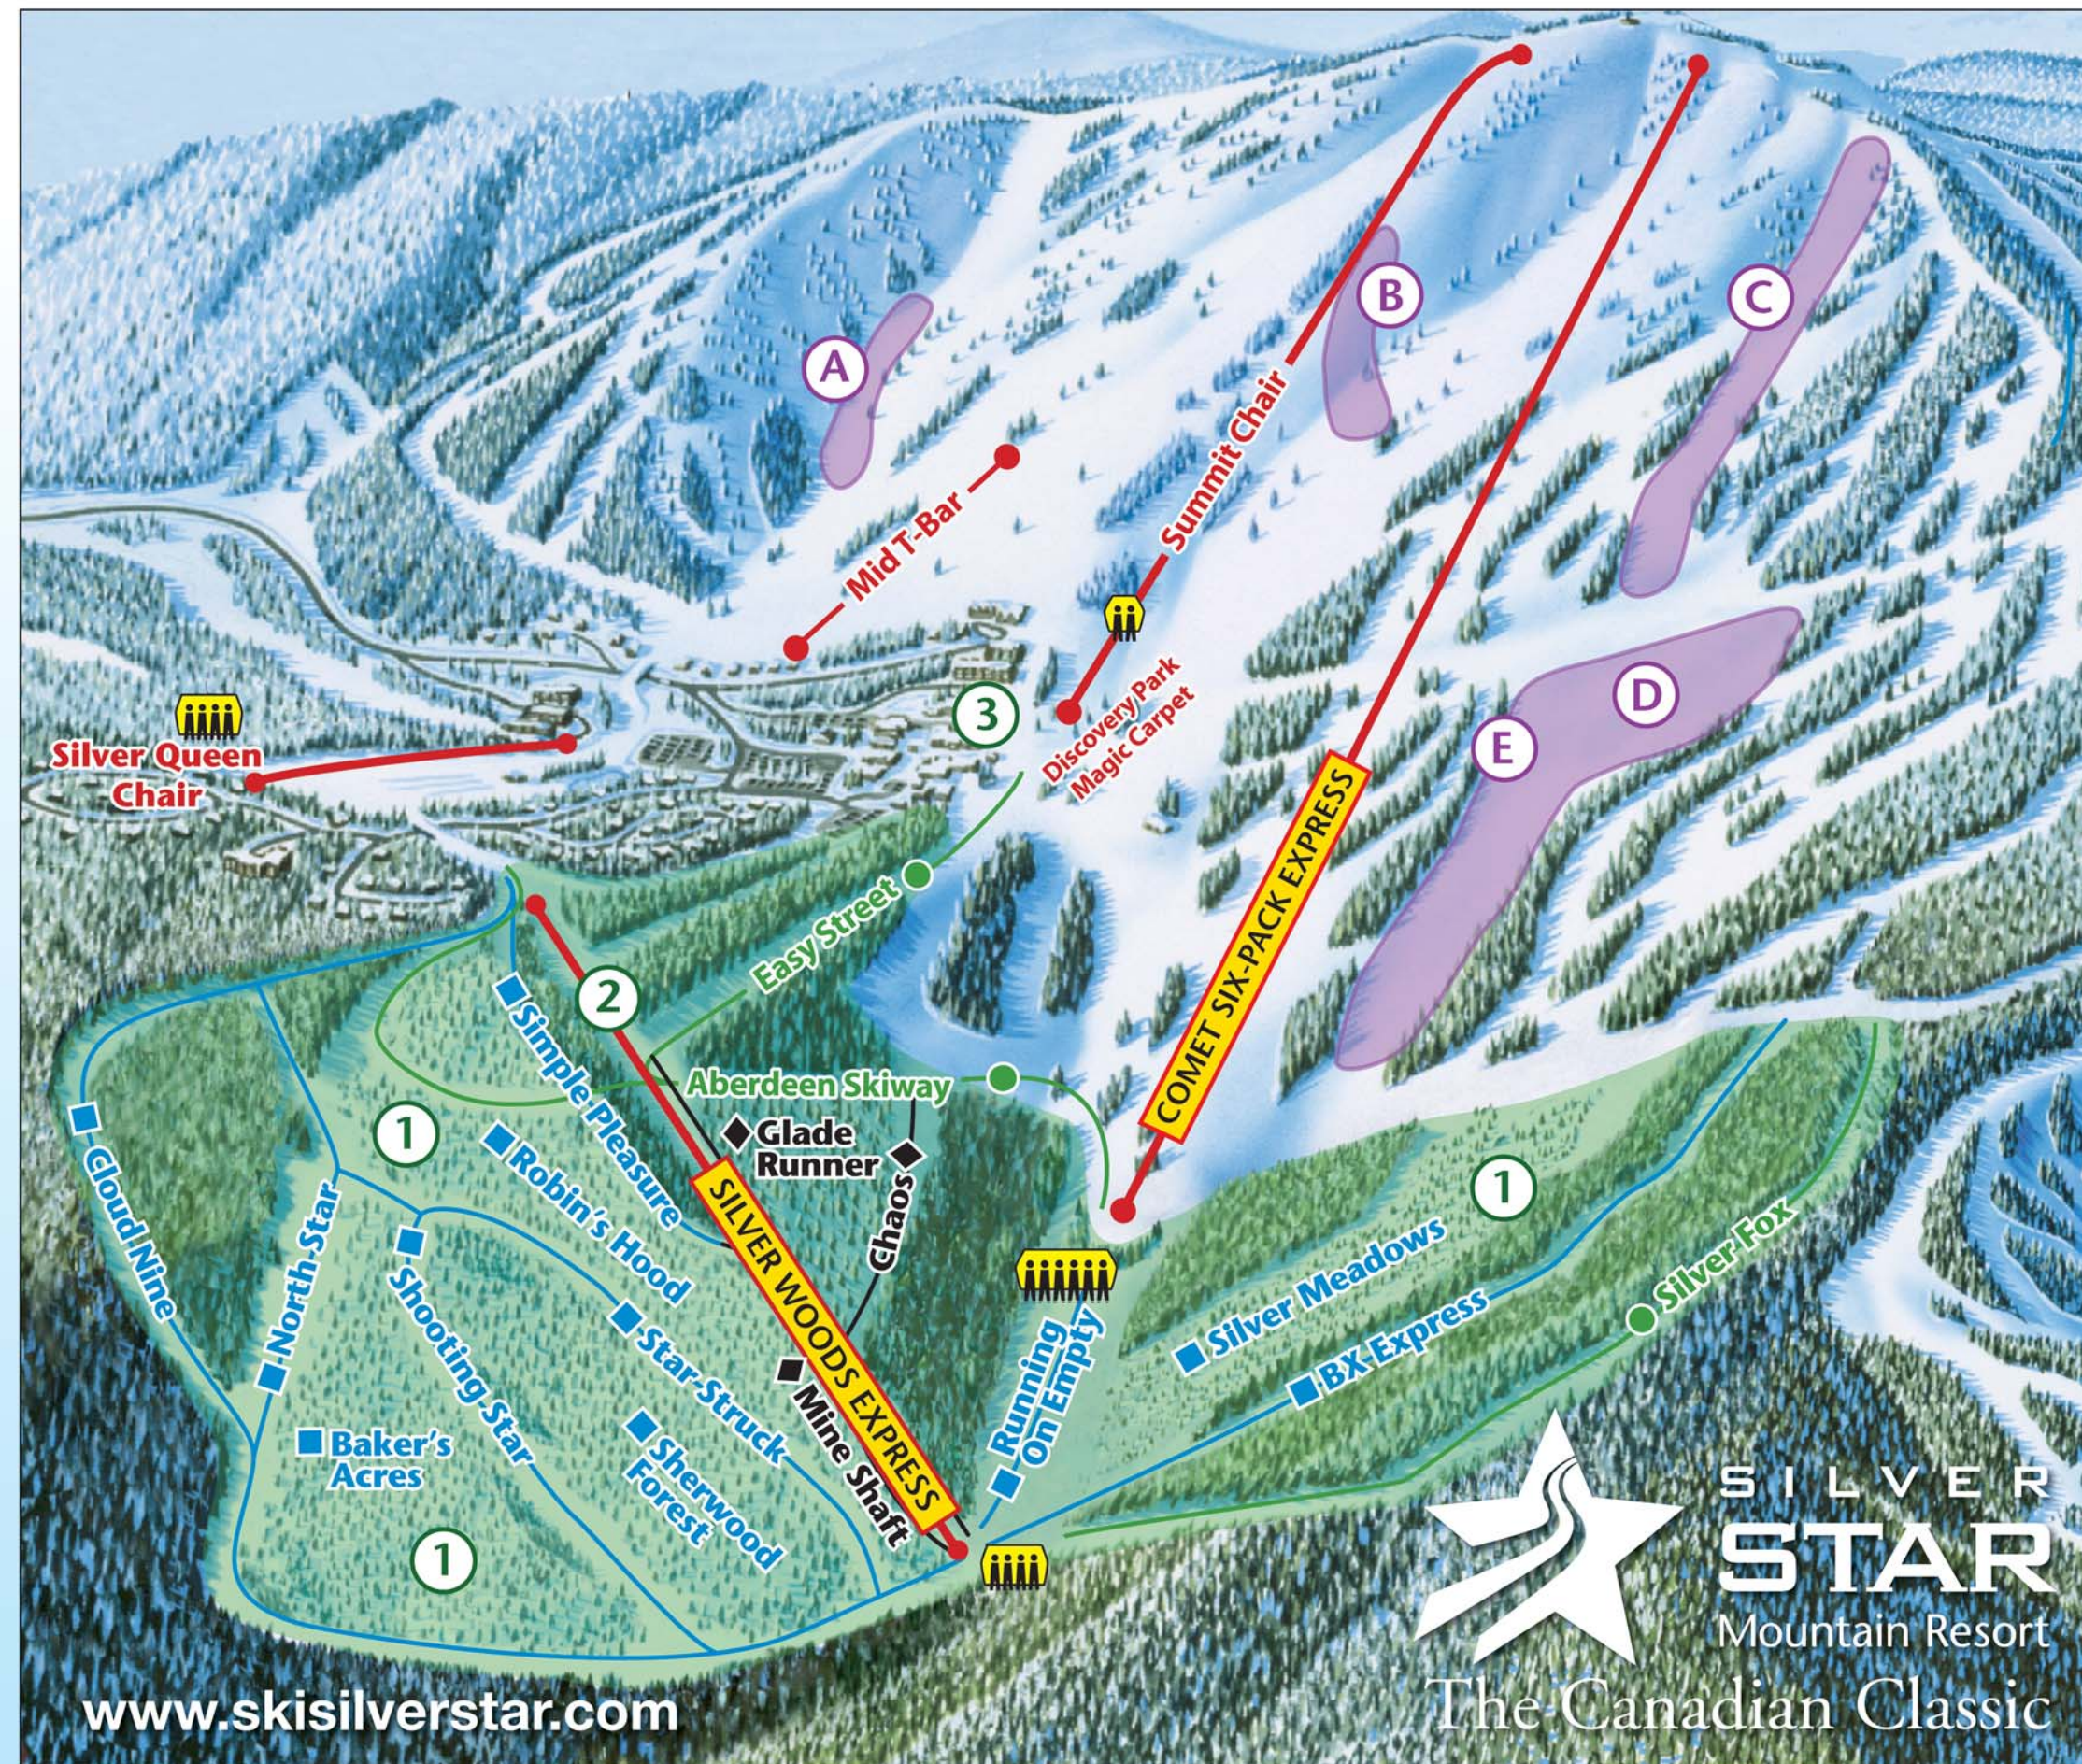

The new 360 acres (146 hectares) of skiable terrain features ten new runs, a vertical drop of 1118 feet (341 metres), and gladed 'tree islands' that will offer fabulous champagne powder skiing.

The new Leitner-Poma high speed express quad chair will whisk skiers and snowboarders to the top of the current Roller Coaster trail in less than 5 minutes. Silver Woods will extend the Vance Creek's vertical drop by 427 feet (130 metres) below the Comet Express.

Silver Woods will be maintained by our team of world renowned groomers. A new Pisten Bully 300 groomer has been added to the fleet, ensuring more of the perfectly groomed corduroy that Silver Star is famous for.

Snowbird Lodge

Luxury accommodation with ultimate ski-in ski-out convenience! Each of the well-appointed 54 units are decorated with rich cherry wood cabinetry, granite counter tops, high ceilings, and feature heated flooring. Snowbird Lodge boasts some of the most stunning views on Silver Star Mountain.

TELUS park Silver Star Mountain Resort

Aerial Training Site

Looking to catch some big air? Home of the Canadian Junior Freestyle Championships in 2004, the aerial site is an exceptional training venue, and a stepping stone for the Winter X-Games and Vancouver 2010.

Dual Mogul Course

Also home of the 2004 Canadian Junior Freestyle Championships, the Mogul Course is a fast paced 490 foot (150 metre) FIS-Certified course, great for training camps and elite competitions.

Race Centre

900 feet (275 metres) of pure exhilaration! Keeping safety in mind, the naturally rolling terrain and impressive vertical drop will satisfy both elite racers and recreational enthusiasts alike.

Terrain Park

16 acres (6.5 hectares) of action designed for the progression of your riding. There are 30 combined rails, fun boxes, S & C boxes, hits, and snow features, designed to challenge all abilities and satisfy any park cravings!

Halfpipe

A halfpipe for all abilities. Drop in and bust out your favourite trick! The 13ft (4m) transitions and 460ft (140m) of length make it perfect for everyone!
