With ski line you can view how many **metres of altitude** you have skied, lift journeys and kilometres of slopes covered as a diagram of the number of metres in altitude. **Skimovie** guarantees you a unique racing experience. Cameras film you on the entire racing route from start to finish. Every Wednesday there's a search for a “Movie Star” at the valley station of the Smaragdbahn Lift! You are hence right on the scene at the “Movie Star” Challenge: Register with your ski pass at the indoor terminal in the Smaragdbahn Lift valley station and complete 2 runs on the Movie route at the Wolkenstein guesthouse (average time mode).

Children's areas

Awaiting the children in the Kogel-Mogel children's areas are many surprises, including our cosy Kogel-Mogel and Kogel-Mia mascots. Under the tutelage of trained pros at the ski schools children learn here the ABCs of the winter sport through fun and games. Ski carousel, magic carpet, children's restaurant or the Kogel-Mogel Express make the day's skiing a special experience. And the young skiers from 2 ½ yrs. old are best accommodated in the ski school in the Kogel-Mogel Kindergarten in the Panoramic View Mountain Restaurant with all-around support.

Fun park

At the Wolkenstein platter lift is a small, excellent fun park for freestylers and snowboarders with an easy line with jumps and boxes.

Preimis night ski run

A special experience is skiing under floodlights – every Tuesday & Wednesday from 5 pm to 8.30 pm at the Preimis lift.
Rates: Adults €8, children €4.
