

THE MOUNTAIN

MOUNTAIN STATS

LIFT CAPACITY: 20,020 people/hour
TERRAIN: 1,547 acres
SNOWMAKING: 297 acres
AVG SNOWFALL: 300+ inches
ELEVATION: Peak – 12,162 ft
Base Area – 9,375 ft
Chairlift (top) – 11,875 ft
Chairlift (bottom) – 9,100 ft

NUMBER OF LIFTS: 15
VERTICAL DROP: Lift served – 2,775 ft
With peak hike – 3,062 ft
TRAILS: 121 total (26% beginner, 57% intermediate, 14% advanced, 3% expert)
EXTREME LIMITS: 542 acres of in-bounds, double black diamond terrain
LONGEST RUN: Peak to Lower Treasury – 2.6 miles

ON-MOUNTAIN SAFETY

In Case of an Accident:

- Use the international signal of skis crossed upright in the snow at the scene of the accident.
- Report accidents to any employee or call on our emergency phones located at the base of each lift. Call (970) 349-2236 and give the exact location and nature of the injury.
- **Ski Patrol are identifiable by their red uniform jackets with a white cross. Guest Services are identifiable by their yellow uniform jackets.**
- A GREEN CIRCLE, BLUE SQUARE, or BLACK DIAMOND TRAIL at Crested Butte Mountain Resort is NOT NECESSARILY THE SAME AS A SIMILARLY RATED TRAIL AT ANOTHER SKI AREA. Please work your way up, beginning with the easiest trails no matter what your ability level may be, until you are familiar with the trails.
- The posted degree of difficulty of a run is determined by the surrounding terrain and runs on this mountain only.
- All poles and/or flags, fencing, signage and padding on equipment or objects or other forms of marking devices are used by the ski area to inform you of the presence or location of a potential obstacle or hazard. These markers are no guarantee of your safety and will not protect you from injury. It is part of your responsibility under Your Responsibility Code to avoid all obstacles or hazards, including those that are so marked.

For everyone's safety, CBMR has a "No Drone" policy. For details, visit: skicb.com/drone

WARNING: With the purchase and use of your Crested Butte Mountain Resort lift ticket or season pass, you agree to assume all risks of injury, damage or loss as stated in the policy below. Any violation of the Colorado Ski Safety Act or the Skier Responsibility Code can result in the loss of your lift ticket.

COLORADO SKI SAFETY ACT

Under Colorado Law, any person using any of the facilities of the ski area is considered a skier.

WARNING: Under Colorado law, a skier assumes the risk of any injury to person or property resulting from any of the inherent dangers and risks of skiing and may not recover from any ski area operator for any injury resulting from any of the inherent dangers and risks of skiing, including: changing weather conditions; existing and changing snow conditions; bare spots; rocks; stumps; trees; collisions with natural objects, man-made objects, or other skiers; variations in terrain; and the failure of skiers to ski within their own abilities; as well as cliffs, extreme terrain, trees, jumps and freestyle terrain as inherent dangers and risks of the sport. For the complete Colorado Ski Safety Act, please visit coloradoski.com

WARNING: RISK OF AVALANCHE While snow safety and avalanche mitigation efforts help reduce the risk, avalanches and snow slides may occur at ski areas, both in and outside of the posted boundaries. Avalanches are an inherent risk of the sport due to the nature of snow and its application on steep terrain. Become educated on how to reduce the risk of injury or death through your own actions and awareness. Visit avalanche.org or contact the Crested Butte Ski Patrol.

BACKCOUNTRY WARNING: Pursuant to the Colorado Ski Safety Act, Crested Butte Mountain Resort assumes no responsibility for skiers or riders going beyond the ski area boundary. Areas beyond the ski area boundary are not patrolled or maintained. Avalanches, unmarked obstacles and other natural hazards exist. You are solely responsible for your safety and welfare. Rescue in the backcountry, if available, will be costly and may take time.

HEADS UP Know the Code, It's Your Responsibility

YOUR RESPONSIBILITY CODE

Crested Butte Mountain Resort is committed to promoting slope safety. In addition to those using traditional alpine ski equipment, others on the slopes include snowboarders, telemark skiers or cross country skiers, skiers with disabilities, skiers with specialized equipment and others. Always show courtesy to others and be aware that there are elements of risk in skiing and snowboarding that common sense and personal awareness can help reduce. Know your ability level and stay within it. Observe Your Responsibility Code listed below and share with others on the slopes the responsibility for a great snowsports experience.

1. Always stay in control, and be able to stop or avoid other people or objects.
2. People ahead of you have the right of way. It is your responsibility to avoid them.
3. You must not stop where you obstruct a trail, or are not visible from above.
4. Whenever starting downhill or merging into a trail, look uphill and yield to others.
5. Always use devices to help prevent runaway equipment.
6. Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
7. Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.

This is a partial list. Be safety conscious. Officially endorsed by: National Ski Areas Association.

Sleds and non-directional devices prohibited at all times on skiing terrain. Snow maintenance vehicles or snowmobiles may be encountered on any trail at any time. CAUTION -- deep snow or tree wells can expose you to the risk of snow immersion injuries or fatalities. Educate yourself on how to reduce the risks and ALWAYS SKI OR RIDE WITH A PARTNER.

HELMETS ARE A SMART IDEA

Crested Butte Mountain Resort encourages you to educate yourself on the benefits and limitations of helmets. If you choose to wear one, please ski or ride as if you are not wearing one. Every winter sport participant shares responsibility for his or her safety and for that of others using the ski area facilities. Helmets are available for rent at the Crested Butte Rental & Demo Center.

THE EXTREME LIMITS

Unique to Crested Butte, this kind of skiing is the perfect way to enhance your powder technique. The Extreme Limits are not for everyone. This is true double black diamond terrain as serious and demanding as you'll find in-bounds at any ski area in North America. While this area is avalanche controlled, it is ungroomed. Watch for rocks, trees and other natural hazards and be responsible. May be closed at any time due to avalanche hazard, snowpack stability considerations or other adverse conditions.

EXTREME TERRAIN

The Ski Safety Act describes this terrain as, "cliffs with a minimum 20 foot rise over a 15 foot run and slopes with a minimum 50° average pitch over 100 foot run." Sections of the Extreme Limits contain Extreme Terrain. Please watch for the  signs.

CBExtreme

Detailed Extreme Limits terrain maps are available as an app for Android and iPhone platforms called CBExtreme. The maps used in this app were created by georeferencing aerial images of Crested Butte Mountain. They are NOT intended to show your exact location. These maps are also sold at the resort as the *Extreme Limits Ski Guide*.

LIFT OPERATIONS

Lifts Open: 9 am
Lifts Close: 4 pm

- All lifts and trails are open subject to weather and snow conditions.
 - Lifts may open late on heavy snow mornings due to avalanche control.
 - If unfamiliar with the lift loading process, please ask lift operator for instructions.
- You may not use a lift or any ski trail when under the influence of drugs or alcohol.
