

## Austria's friendliest winter sports area

The Wildkogel-Arena in the heart of the Kitzbühel Alps offers fabulous conditions for families, skiers, tobogganists, snowboarders, winter hikers and sun aficionados. With the Wildkogelbahn Lift in Neukirchen and the Smaragdbahn Lift in Bramberg you will enjoy a comfortable ride to the ski area at 2100 metres. **Beginners and pros will feel at home on over 75 kilometres of slopes of all levels of difficulty with guaranteed snow.** Enjoy views of the many 3000-metre peaks of the Hohe Tauern range and the "tallest Salzburger", the Grossvenediger (3666 m). Make yourself at home in "Austria's friendliest winter sports area". Modern snowmaking facilities guarantee reliable snow conditions and perfect slopes until Easter.

Not only skiers but tobogganists also love the Wildkogel-Arena – under conditions that are unique worldwide: From Wildkogel the world's longest illuminated 14 kilometre toboggan run meanders through 1300 metres in altitude down the valley to Bramberg. That means at least 30 - 50 minutes of "genuinely awesome" winter experiences rolled into one! **The toboggan run is illuminated every day until 10.00 pm.**
