### ANTLER BAR

The World Famous Antler Bar opens at 11AM and offers tasty libations with the best views in the Sierra.

## FREESTYLE TERRAIN SAFETY

Freestyle terrain areas are designated with an orange oval and may feature jumps, take-offs, ramps, banks, fun boxes, jibs, rails, snowcross, bumpy obstacles and other natural or constructed terrain. Prior to skiing/riding on any freestyle terrain, you are responsible for familiarizing yourself with the area and obeying all rules, warnings and signs. Freestyle skills require maintaining control on the ground, and in the air. Inverted aerials are not recommended. You assume the risk.

### MAKE A PLAN

Every time you use enhanced terrain, plan for each feature you want to use. Your speed, approach and take off will directly affect your maneuver and landing.

### EASY STYLE IT

Always ride or ski in control and within your ability level. Do not attempt freestyle terrain unless you have sufficient ability and experience to do so safely. You control the degree of difficulty you will encounter in using freestyle terrain, both on the ground and in the air.

### LOOK BEFORE YOU LEAP

You are responsible for inspecting freestyle terrain before initial use and throughout the day. The features vary in size and change constantly due to snow conditions, weather, usage, grooming and time of day. Do not jump blindly. Use a spotter when necessary.

### RESPECT GETS RESPECT

Respect freestyle terrain and others. Only one person on a feature at a time. Wait your turn and call your drop. Always clear the landing area quickly. Respect all signs and do not enter freestyle terrain or use features when closed.

## BE SAFE & HAVE FUN

June Mountain works hard to provide a safe, consistent and fun mountain experience. We insist upon personal responsibility and respect for others and our environment.

To ensure fun for all, irresponsible behavior such as rude conduct or gestures, defacing property and violating the standards below, is not tolerated and could result in losing your lift privileges.

- Caution – snowmobiles, snowcats and snowmaking may be encountered at any time.
- Always brake your speed when entering a SLOW ZONE. Match your speed to the flow of traffic.
- Ski defensively – expect the unexpected. Reckless or irresponsible skiing or riding will not be tolerated.
- You will not be permitted to load a lift or ski/ride a trail if you are visibly under the influence of drugs or alcohol.
- Never duck a roped or signed closure.
- Don't cut in front of others in the lift line.
- Please don't throw snowballs or spray others with snow.
- Refrain from using profanity around others – June is family friendly.
- No smoking in public spaces, including lift lines.
- Focus on lift loading, not your cell phone or electronic device.
- No open containers in lift lines or on lifts.
- Please don't litter. Rubbish and recycle bins can be found at the Chalet and The Lunchbox.
- Only service animals are permitted at the ski area.
- No sledding.
- Skiing/riding on freestyle terrain exposes you to the risk of serious injury or death.

### TRAIL RATINGS

Please be advised that trail rating symbols are relative to each ski area's specific terrain. A blue square trail at June Mountain could be easier or more difficult than a blue square trail at a different resort. No matter your ability, when skiing/riding for the first time on any mountain, start on the easiest runs and work your way up to familiarize yourself with the area.

Hazards and obstacles may exist throughout the season. Flags, fencing, poles, signage and padding are used by the ski area to mark known locations of potential obstacles and hazards. These markers do not guarantee your safety and will not protect you from injury. As part of "Your Responsibility Code," it is your duty to avoid all obstacles and hazards, including those that are marked.

To find your way back to the Chalet, look for the blue signs at trail junctions that will point you in the direction.

### KNOW THE CODE

We're committed to promoting safety. In addition to people using traditional alpine ski equipment, you may be joined on the slopes by snowboarders, telemark or cross-country skiers, people with disabilities using specialized adaptive equipment and others. Always show courtesy and be aware that there are elements of risk in skiing/snowboarding that common sense and personal awareness can help reduce. Know your ability level and stay within it. Observe the National Ski Areas Association's "Your Responsibility Code" listed below to ensure a great day on the hill.

- Do not stop where you obstruct a trail, or are not visible from above.
- Always stay in control, and be able to stop or avoid other people or objects.
- People ahead of you have the right of way. It is your responsibility to avoid them.
- Whenever starting downhill or merging into a trail, look uphill and yield to others.
- Always use devices to help prevent runaway equipment.
- Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
- Prior to using any lift, you must have the knowledge and ability to load and unload safely.

### CALIFORNIA STATE PENAL CODE

The following misdemeanors are punishable by a fine of up to \$1,000. Violators will lose lift privileges.

- Skiing/riding within or entering a CLOSED area. PC 602r.
- Leaving the accident scene if involved in a collision, except to notify authorities or obtain assistance. PC 653i.

### IN CASE OF EMERGENCY

Notify a lift operator or any uniformed employee of the nature of the injury, as well as a description and location of the injured person.
