Michael
Panorama, B.C.
The new Showoff Terrain Park is a place where you can hang out and throw down with your friends. Everyone is there to go big and watch others go big. I like the park cause it's a place to get creative with your skiing.

Cameron
Invermere, B.C.
I sometimes ski with Spiderman in my pocket; he really helps me in the deep pow. The new carpet means that I can ski without much help from Mom and Dad; although I do need them to pay for the yummy Lusti's hot chocolate.

More for **NOVICES**

Every night Panorama's state-of-the-art fleet of snow grooming machines travel at least 220 kilometres* to prepare our renowned skiing and riding surface. Our groomers lay down row upon row of perfect corduroy on famous cruisers like Rollercoaster, Skyline, Old Timer and Horseshoe, so they'll be ready for your tracks. In the morning around 8:45am watch the cats cross the finish line of what we call the Panorama 220. Make sure you give the drivers a thumbs up as they pass; they worked through the darkness for you!

*This is not a guarantee and is subject to change. Kilometres groomed per night can be affected by snow and weather conditions, staffing, and mechanical issues.
