WEDNESDAY THRU SUNDAY  
 (HOLIDAY WEEKS — DAILY)

## GLM-American Taught By Our Competent PSIA Staff

Add GLM (Graduated Length Method) to the basic American Technique, and there you have it — far and away the quickest, easiest way to become a highly competent recreational skier. That's the imaginative and highly successful system taught by Director Howard Redpath's experienced Ski School Staff. Qualified members of the Professional Ski Instructors of America, they offer classes for all levels of skiers — from beginners through experts — and private and semi-private lessons too . . . all at sensible prices.

## Rentals, Repairs and Sales

Head GLM's or 360's — complete with step-in bindings, boots and poles — are yours to rent at reasonable prices. Quick, efficient repair services, ski waxing, and a complete line of ski accessories are also available . . . all expertly provided by Matt's Ski Shop, Westfield.

## Our Snow Basin Ski Patrol

Our veteran ski patrol, perennially registered under the National Ski Patrol System, has established an enviable reputation for its many years of friendly, competent service to Snow Basin skiers.
