## BE SAFE & HAVE FUN

Mammoth works hard to provide a safe, consistent, and fun mountain experience. We insist upon personal responsibility and respect for others and our environment.

To ensure fun for all, irresponsible behavior such as rude conduct or gestures, defacing property and violating the standards below, is not tolerated and could result in losing your lift privileges.

- Caution – snowmobiles, snowcats and snowmaking may be encountered at any time.
- Always brake your speed when entering a SLOW ZONE. Match your speed to the flow of traffic.
- Ski defensively – expect the unexpected. Reckless or irresponsible skiing or riding will not be tolerated.
- You will not be permitted to load a lift or ski/ride a trail if you are visibly under the influence of drugs or alcohol.
- Skinning uphill is permitted only during operating hours, and requires a special pass with a visible arm band.
- Never duck a roped or signed closure.
- Don't cut in front of others in the lift line.
- Please don't throw snowballs or spray others with snow.
- Refrain from using profanity around others – this is a family-friendly resort.
- No smoking/vaping in public spaces, including lift lines.
- Focus on lift loading, not your cell phone or electronic device.
- No open containers in lift lines or on lifts.
- Please don't litter. Trash and recycling bins can be found at all base lodges.
- Only service animals are permitted at the ski area.
- No sledding.

### KNOW THE CODE

Skiing and snowboarding can be enjoyed in many ways. At ski areas, you may see people using alpine skis, snowboards, telemark skis, cross-country skis, and other specialized equipment, such as that used by people with disabilities. Regardless of how you decide to enjoy the slopes, always show courtesy to others and be aware that there are elements of risk in skiing that common sense and personal awareness can help reduce, but never eliminate. Observe the code listed below, and share with other skiers and riders the responsibility for a great skiing experience. **Know and obey the code. It's your responsibility.**

- Always stay in control. You must be able to stop or avoid people or objects.
- People ahead or downhill of you have the right-of-way. You must avoid them.
- Stop only where you are visible from above and do not restrict traffic.
- Look uphill and avoid others before starting downhill or entering a trail.
- You must prevent runaway equipment.
- Read and obey all signs, warnings and hazard markings.
- Keep off closed trails and out of closed areas.
- You must know how, and be able to load, ride and unload lifts safely. If you need assistance, ask the lift attendant.
- Do not use lifts or terrain when impaired by alcohol or drugs.
- If you are involved in a collision or incident, share your contact information with each other and an employee.

### MAKE A PLAN

### STOP ON THE SIDE

### KNOW THE ZONE

### SHOW COURTESY TO OTHERS

### CALIFORNIA STATE PENAL CODE

The following misdemeanors are punishable by a fine of up to \$1,000. Violators will also lose lift privileges.

- Skiing/riding within or entering a CLOSED area. PC 602(r).
- Leaving the accident scene if involved in a collision, except to notify authorities or obtain assistance. PC 653i.
- Skiing/riding without a valid lift ticket or pass.

VISIT [MAMMOTHMOUNTAIN.COM/SAFETY](https://MammothMountain.com/Safety) FOR A COMPLETE LIST OF ON- AND OFF-HILL STANDARDS.

INFORMATION

**HOURS OF OPERATION**  
LIFT HOURS: 8:30AM – 4PM, DAILY.  
Weather and conditions permitting. Subject to change during the season. *Check website or the Mammoth App for current hours.*

**TRAIL RATING**  
Please be advised that trail rating symbols are relative to each ski area's specific terrain. A blue square trail at Mammoth could be easier or more difficult than a blue square trail at a different resort. No matter your ability, when skiing/riding for the first time on any mountain, start on the easiest runs and work your way up to familiarize yourself with the area.

Hazards and obstacles may exist throughout the season. Flags, fencing, poles, signage, and padding are used by the ski area to mark known locations of potential obstacles and hazards. These markers do not guarantee your safety and will not protect you from injury. As part of "Your Responsibility Code", it is your duty to avoid all obstacles and hazards, including those that are marked.

To find the nearest lodge while on the slopes, look for the purple sign at most trail junctions that will point you in the right direction.

**IN CASE OF EMERGENCY, CALL 760.934.0611**  
If you do not have a phone, notify a lift operator or any uniformed employee of the nature of the injury, as well as a description and location of the injured person.

**SKI PATROL**  
To report safety issues or emergencies, look for Ski Patrol in the red jackets, or call 760.934.0611.

Ski Patrol utilizes standard 457 kHz avalanche transceivers and the RECCO avalanche rescue system to facilitate rapid location of burials. Neither of these systems prevent avalanches, or guarantee location nor survival. To avoid accidents, become informed of potential hazardous areas, use common sense, and always ride with a buddy on powder days.

**HOSTS**  
For assistance and safety tips, look for Mountain Hosts with the yellow patch on their jackets.
