YOUR RESPONSIBILITY CODE

Skiing and riding can be enjoyed in many ways. At resorts you may see people using alpine, snowboard, telemark, cross country, and other specialized equipment, such as that used by disabled skiers. Regardless of how you decide to enjoy the slopes, always show courtesy to others and be aware that there are elements of risk in skiing and riding that common sense and personal awareness can help reduce. Observe the code listed below and share with others the responsibility for a great experience.

1

Always stay in control. People ahead of you have the right of way.

2

You must not stop where you obstruct a trail.

3

Whenever starting downhill or merging onto a trail, look uphill and yield to others.

4

If you're involved in or witness an accident, wait for Ski Patrol to arrive.

5

Always use devices to help prevent runaway equipment.

6

Observe all posted signs and warnings. Keep off closed trails and out of closed areas.

7

Prior to using any lift, you must have the knowledge and ability to load, ride, and unload safely.

8

Don't ski or ride if your ability is impaired by drugs or alcohol.

KNOW THE CODE, IT'S YOUR RESPONSIBILITY.
This is a partial list. Be safety-conscious.
