Trail Use Guidelines: There are elements of risk in summer sports that common sense and personal awareness can help reduce. 1. Ride on open trails only & respect all trail closures. 2. Leave no trace. 3. Be aware of the trail conditions. Wet and muddy trails are sensitive to damage. 4. Control your bicycle. Inattention can put yourself and others at risk. 5. Yield to others. Bicyclists must yield to all other trail users. Cyclists traveling downhill must yield to uphill traffic. 6. Some trails are pedestrian use only. Please obey posted restrictions on trail use. **Dogs Must Be Leashed at All Times.**
