

# Health and Safety

Welcome to Ski Apache! We are working diligently with Ski New Mexico and the State of New Mexico to develop the most effective COVID-safe practices for the ski season. We've implemented enhanced sanitation procedures throughout the resort to keep all of our guests, team members and community safe. Please be courteous to others and maintain six feet of social distancing between your group and other guests. CDC-approved masks are mandatory and may only be removed when eating, drinking or engaging in an activity like skiing or snowboarding.

We appreciate your cooperation. If you have any questions, please see one of our team members.

## CHAIRLIFT RULES AND REGULATIONS

For your safety, we've implemented new rules and regulations for our chairlifts, including:

- Requiring guests to wear CDC-approved face coverings while in line, while loading, riding and unloading
- Having guests maintain proper social distancing while in line for the chairlift
- Only guests from the same household or group will be permitted to ride together
- Kids must ride all chairlifts with a parent or other adult member of their household

## RESPONSIBILITY CODE

Skiing can be enjoyed in many ways. At ski areas you may see people using alpine, snowboard, telemark, cross country or other specialized ski equipment, such as that used by disabled or other skiers. Regardless of how you decide to enjoy the slopes, always show courtesy to others and be aware that there are elements of risk in skiing that common sense and personal awareness can help reduce. Observe the code listed below and share with other skiers the responsibility for a great skiing experience.

1. Stay in control, and be able to stop or avoid other people or objects.
2. People ahead of you have the right of way. It is your responsibility to avoid them.
3. Do not stop where you obstruct a trail or are not visible from above.
4. If starting downhill or merging onto a trail, look uphill and yield to others.
5. Always use devices to help prevent runaway equipment.
6. Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
7. Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.
8. You must conform to the provisions of the New Mexico Ski Safety Act.
9. Be respectful & civil to all.
10. Adhere to all Ski Apache rules, including our Code of Conduct.

*Violation of the above code may lead to removal from the property and/or ban from future visits.*
