**SKI PATROL & SAFETY** Look for Ski Patrol in red jackets with white crosses. Please feel free to ask for assistance or visit the outpost stations at the top of lift (6) in the case of an emergency, the emergency phones indicated on the map as  are programmed to automatically call Ski Patrol Dispatch.

**CAUTION** Snowcasts, snowmobiles, snowmaking equipment, marked obstacles, and unmarked obstacles may be encountered at any time.

**HELMET SAFETY** Purduke Resort recommends the use of helmets when skiing or riding. The NSAA recommends educating yourself about the benefits and limitations of helmets and making a choice right for you.

**TREE WELL IMMERSION DANGER - CAUTION:** When in deep snow, never ski or ride alone, maintain constant visual contact with your partner, and stay away from tight trees and tree wells. A tree well is the hole or depression at the base of a tree. Falling into a tree well poses an extreme and immediate risk of suffocation. Visit [treewelldeepsnowsafty.com](http://treewelldeepsnowsafty.com) for more information.

**OBSTACLES & HAZARDS** Be advised that poles, flags, fencing, signage, padding on equipment or objects, and other marking devices are used by the ski area to inform you of the presence or location of potential obstacles or hazards. These markers are no guarantee of your safety and will not protect you from injury. It is your responsibility under Your Responsibility Code to avoid all obstacles and hazards, including those that are unmarked.

**CHILDREN IN BACKPACKS & CHEST PACKS ARE NOT ALLOWED** To ensure safety, children riding lifts at Purgatory Resort must be able to load and unload the lifts without being carried. Children in backpacks and chest packs are not allowed on any lifts or ski trails at Purgatory Resort.

**SKIERS RESPONSIBILITY** Under Colorado law, a skier assumes the risk of any injury to person or property resulting from any of the inherent dangers and risks of skiing, and may not recover from any ski area operator for any injury resulting from any of the inherent dangers and risks of skiing, including: changing weather conditions; existing and changing snow conditions; bare spots; rocks; stumps; trees; jumps; cliffs; freestyle terrain; extreme terrain; collisions with natural objects, man-made objects or other skiers; variations in terrain; and the failure of skiers to ski within their own abilities. Please be advised that grooming equipment, snowmaking equipment and snowmobiles may be encountered at any time. The code is endorsed by the National Ski Areas Association (NSAA), the National Ski Patrol and Professional Ski Instructors of America (PSIA).

**TRAIL DESIGNATION** Be advised that a green circle, blue square, or black diamond trail at Purgatory Resort is not necessarily the same as a similar rated trail at another ski resort. The system is a relative system, therefore, the symbols on this trail map are valid only at this ski resort. Mountain users should work their way up, beginning with the easiest trails until they are familiar with the trails at this ski resort.

## BACKCOUNTRY USERS

The ski area assumes no responsibility for skiers or riders going beyond the ski area boundary. Areas beyond the ski area boundary are not patrolled or maintained. Avalanches, unmarked obstacles, and other natural hazards may exist at any time. All backcountry skiers should have the knowledge and equipment to deal with backcountry hazards and situations. Rescue in the backcountry, if available, will be costly and may take time. Access to lands outside the ski area boundary is provided at all locations. See map for locations. Any ski area users leaving the permitted boundary at any other locations are subject to legal ramifications under the Skier Safety Act, 1979, House Bill 40-1393. Call 911 for assistance.

**YOUR RESPONSIBILITY CODE**

- » Always stay in control and be able to stop or avoid other people or objects.
- » People ahead of you have the right of way. It's your responsibility to avoid them.
- » Do not stop where you obstruct a trail or are not visible from above.
- » Whenever starting downhill or merging onto a trail, look uphill and yield to others.
- » Always use devices to help prevent runaway equipment.
- » Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
- » Prior to using any lift, you must have the knowledge and ability to use the lift safely.
- » Heads up – know the code! It's your responsibility.

**LIFTS & TRAILS INFORMATION**

Lift hours of operations may change throughout the season. Check daily snow report for information on open lifts and hours of operation.

Some trails close earlier to allow riders adequate time to descend the mountain. Trails at Purgatory Resort are subject to closure for various reasons such as snow making, conditions and events.
