

WELCOME TO CYPRESS MOUNTAIN.

With unparalleled terrain and the largest vertical rise on the North Shore, Cypress Mountain is Vancouver's premier winter playground.

Cypress Mountain now boasts three quad chairs and two double chairs, including the Eagle Express high speed detachable quad, and the Easy Rider quad designed specifically for beginners. Spectacular views of downtown Vancouver, English Bay, Georgia Strait and Howe Sound are yours to enjoy from 38 downhill runs, both day and night.

Plus you'll experience the NEW Bell Power Park this season! The park has been moved to Midway and expanded with a host of new hits and freestyle features. See page 14 for details.

Enjoy 19 kms of groomed trails in our Cross Country area that wind through snowy mountain forests, or explore on snowshoes with over 10 kms of self-guided snowshoe trails. Try an easy guided trek, or a delightfully unique dining tour. If you prefer, simply experience a winter thrill in our exciting snow tubing area.

Enjoy the latest equipment available for rent, and professional instruction from one of Western Canada's most respected Ski and Snowboard Schools. For Aprés Ski relax in Growlies Bar and Grill, historic Hollyburn Lodge or enjoy our sun deck and full service cafeteria.

Located in the heart of Cypress Provincial Park, and only 30 minutes from downtown Vancouver, the mountain is right at the city's door step.

WINTER 2010 (freestyle skiing | snowboarding)

Cypress will host both the Snowboarding (Halfpipe and Parallel Giant Slalom) and Freestyle Skiing (Moguls and Aerials) events for the 2010 Winter Olympics. Facilities will be constructed over the next three years, including an aerial jump, halfpipe and a new chairlift. These facilities will stand as a resource for athletes to train leading up to and long after 2010. Provincial, national and international events will welcome some of the world's greatest freestyle and snowboarding athletes to Cypress and we hope many of those participating will call Cypress "home." We are proud to showcase to the world the many natural gifts and truly amazing recreational opportunities that exist here at Cypress Mountain.

NEW RENTAL FLEET

New for the 2005/06 Winter Season, we have completely replaced our Downhill rental fleet with the latest skis, boards and boots from top names like Salomon, Rossignol and Burton. Quality equipment and expert fit goes a long way to ensuring your experience on the mountain is a positive one. Visit the rental building for details.

After 13 years of planning and approvals, the Eagle

Express High Speed Quad Chair, equipped

with a state of the art bike rack system, started bringing riders to the top of Black Mountain last summer to rave reviews. Summer 2006

will see Phase 2 of the Bike Park open with more

trails to be developed for all levels of ability. Riders can look forward to many years of lift accessed rides on Vancouver's Legendary North Shore.
