Alpine Responsibility Code

There are elements of risk that common sense and personal awareness can help reduce. Regardless of how you decide to use the slopes, always show courtesy to others. Please adhere to the code listed below and share with others the responsibility for a safe outdoor experience.

1. Always stay in control. You must be able to stop, or avoid other people or objects.
2. People ahead of you have the right-of-way. It is your responsibility to avoid them.
3. Do not stop where you obstruct a trail or are not visible from above.
4. Before starting downhill or merging onto a trail, look uphill and yield to others.
5. If you are involved in or witness a collision or accident, you must remain at the scene and identify yourself to the Ski Patrol.
6. Always use proper devices to help prevent runaway equipment.
7. Observe and obey all posted signs and warnings.
8. Keep off closed trails and closed areas.
9. You must not use lifts or terrain if your ability is impaired through use of alcohol or drugs.
10. You must have sufficient physical dexterity, ability and knowledge to safely load, ride and unload lifts. If in doubt, ask the lift attendant.

2010 ~ Welcome to Boler Mountain!

Welcome to the 2010/11 winter season at Boler ! We trust your experience at Boler will be enjoyable each and every time you are here. The focus of the staff and volunteers at Boler Mountain is to provide all guests with quality service and the best recreational experience within our resources. We are not Whistler, but we can provide exceptional learn to ski/snowboard programs, an opportunity to hone your advanced skills for the bigger hills through instruction and practice, as well as a worthwhile and accessible winter outing for you and your family.

Boler Mountain is a not-for-profit organization governed by a volunteer board, run by a dedicated and very experienced management team, along with over 250 seasonal employees. We have more than 100,000 skier/snowboarder visits each year, and provide learn to ski programs for almost 10,000 school children. We have a busy separate tube park. We are host to the London Track 3 program and its 200 volunteers who provide skiing opportunities to the physically and developmentally challenged.

The Boler Mountain ski club has been a wintertime fixture in London since 1946. Thanks to the remarkable foresight shown almost seven decades ago, we have a 120 acre woodland facility available to serve London and surrounding areas. While the focus to date has been on winter sports, we are hoping to show the same foresight in carefully developing the property as a year round community recreational resource. Our summertime activities have been slowly expanding beyond the mountain bike programs we have run for the last ten years, and we are looking to establish summer camps in the near future.

Through some cautious planning and management, we have had a program of continual capital improvement to the outdoor operations while maintaining a solid financial footing. Our new snow making system is second to none. The operations centre built last year provides the infrastructure and capacity for our expansion to the west, and our grooming equipment is first class. While our chalet may leave something to be desired, it adequately serves its purpose for now and it is on the list for later improvement.

We have some ambitious plans ahead of us. Our West Hill expansion is nearing completion, with the final shaping of the runs underway. Take the walk west of the chalet to see for yourself. A chair lift has been purchased and is ready to be installed. The next steps involve installation of snow making and lighting. It is our hope to have the West Hill in operation by the winter of 2011/12. Many thanks to our operations manager Marty Thody and his staff for an exceptional effort throughout !

On behalf of the board of directors and the staff, it is our hope that you enjoy the time you spend at Boler Mountain. We are always looking for feedback, suggestions and constructive criticism. Feel free to contact our managers, Marty, Greg and Wayne, our board members and myself.

Support Our Future – Become a Donor

The founding members of the London Ski Club envisioned a small recreational facility for winter sports enthusiasts. Over 60 years later, we have surpassed their greatest dreams and now welcome more than 100,000 visitors annually. The challenge facing the London Ski Club at Boler Mountain is to maintain the level of excellence we have achieved.

Boler Mountain is a community recreational facility, run by a volunteer Board of Directors and a dedicated staff. We want to continue to develop both the snow and summer sport programs and services for London and Southwestern Ontario families, and to ensure that you and your family always have a positive experience at Boler. Over the years we have continually re-invested any earned surplus into Boler Mountain, with the result that growth has been steady but slow. We have launched a corporate and individual donor program several years ago, as we are reaching a critical stage in the development of Boler Mountain. The help we have received from the community to date has been greatly appreciated; now we need to broaden that base of support.

A gift or donation to Boler Mountain will be a significant contribution to the future of this community resource.

Your gift can be made monthly, annually, or on a one-time basis. A tax receipt will be issued. You may be considering a planned gift, or perhaps a memorial gift for a loved one who was a long time member at the London Ski Club.
